What is UX London?

UX London is an eclectic and distinctly original event for UX professionals. A conference that provides 3 days of inspiration, education and skills development, with a mix of stimulating talks and hands-on workshops from some of the biggest names in the industry.

UX London is an eclectic and distinctly original event for UX professionals. A conference that provides 3 days of inspiration, education and skills development, with a mix of stimulating talks and hands-on workshops from some of the biggest names in the industry.
Even the venue is unique. The conference is based at Trinity Laban in Greenwich - the perfect, RIBA award-winning setting for our attendees to immerse themselves in the world of User Experience design.

Each day is scheduled around a theme, which for 2019 will be Designing Products on Day One, Designing for People on Day Two and Designing the Future on Day Three. As we offer single day passes in addition to three-day tickets, delegates have the option to attend the whole conference, or just the days that best match their role. This means we have a higher number of delegates across the event - even more fantastic people for you to meet!

Attending UX London gives our delegates the practical skills needed to do their jobs better, whether they are budding information architects, seasoned practitioners or user experience designers. With top names including Jared Spool, Sarah Doody, and Josh Clark, no other event outside of the US comes close to this level of training.

Simulcast Room

We introduced the Simulcast Room two years ago, and it's proved hugely popular. From the comfort of a sofa-filled studio, attendees are able to spread out with their laptops and enjoy the morning talks via simultaneous broadcast, live from the main auditorium. Sponsoring the Simulcast Room is a new, unique way to meet delegates and make your mark at the conference.

Included in this package are Simulcast Room branding, additional exhibition space, and 2 Three-day Simulcast Room passes.

Sponsorship of the Simulcast Room is for all three days of the event.

With *Premier* sponsorship only	£16,000

Workshop presentation

Does your organisation have skills and knowledge that you'd like to present in a hands-on workshop for our delegates? If you have a session you think could benefit our attendees, have a chat with us about bringing that to the UX London schedule.

With *Executive* sponsorship	£12,000
